Clock up the Miles to Change Children's Lives

www.globalfundforchildren.org.uk

On #givingtuesday, 28th November the challenge for The Global Fund for Children UK Trust (GFC) and its supporters is to Clock up the Miles to Change Children's Lives.

CAN YOU DO YOUR BIT? Travel on wheels: from bikes to spin bikes to wheelchairs – 18,000 miles around the world in 24 hours – 28th November.

HOW TO TAKE PART: Have some fun! Get together with friends or colleagues, get on your wheels and see how many miles you can travel. Then go to our JustGiving page, give a donation and record your mileage in the “message” box, You can also set up your own fundraising page

to reach even more people! OR you can make a donation with your mobile – simply text MILE28 £10 to 70070.

WHAT WE DO: GFC transforms the lives and futures of some of the world's most vulnerable children. First we find cutting edge NGO's working in their community, making big changes with very little money. They become our grassroots partners. We provide bottom up support and financial assistance to help them grow. Last year we supported 210 organisations in 53 countries across the globe.

DONATE HERE

Only with your help can we reach our target of 18,000 – keep those wheels turning! **Thank you.**
