

Funder Safeguarding Collaborative

Listening · Learning · Practicing Trust

CONNECT

No one has to address the safeguarding challenge alone. The FSC connects funders to the wealth of knowledge and expertise that already exists and promotes alignment around best practices. Network members can access all FSC connection opportunities **free of charge** immediately upon joining.

Peer-to-Peer Learning

The FSC provides a range of peer learning opportunities for members to share ideas and discuss practice experiences. We provide safe spaces that are restricted to network members. We also facilitate cross-sector dialogue by inviting our Knowledge Partners to participate in webinars as co-hosts or speakers and to share their expertise and engage in conversations about improving practices.

WATCH THIS SPACE! Webinar Wednesdays will be launched in April 2021. A full list of webinars and instructions on how to register will be published on this site after the FSC Launch in March 2021.

SHAPE THE CONVERSATION! If there is a topic you would like to see covered or a conversation you would like us to host, please contact: kwalker-simpson@fundersafeguardingcollaborative.org

Resource Library

The FSC Resource Library connects funders to research, best practice guidance, policies, and frameworks tailored to the needs of funding agencies.

JOIN NOW! Access to the Resource Library is restricted to network members. For access, e-mail: kwalker-simpson@fundersafeguardingcollaborative.org

SHAPE THE CONVERSATION! We encourage members to contribute resources that may be of interest or value to others in the FSC community. You can upload materials directly or simply contact us and we can add materials on your behalf.

Alignment Action Groups

Our Alignment Action Groups bring funders together to find new ways to align approaches to safeguarding and reduce duplication. The groups will facilitate open and honest conversations between network members and Knowledge Partners to identify solutions that provide funders with the reassurance they need without placing undue burdens on the organizations they fund.

WATCH THIS SPACE! In September 2021, we will launch groups in two priority areas:

- Aligning Assessment Criteria
- Aligning Funder Reporting Protocols

SHAPE THE CONVERSATION! If you are interested in participating in one of these groups, please e-mail: kwalker-simpson@fundersafeguardingcollaborative.org
